Gary,

Sorry this took so long. The QMP is minimal but I think acceptable. Page 2 of the QMP is the signature page. TRC needs to get the signatures of those people listed under TRC Concurrence. They just need to send the completed page 2 on paper. If TRC wants original signatures on their official copies, they can send more copies on paper. We can send them back after we sign it. When it comes in, we complete the names and titles for EPA approvals. When the signature page comes in I can also print the rest of the document from the file.

Call me if you have questions.

Walt:

I need to comments on Falcon Contractor, TRC Companies, ASAP. They are ready to start the removal actions now. If it is just the signature page then let me know and I will get that completed.

Thanks
